“Launching of ANRO ASIA”

*On September 28, 1977 the ANRO Asia was launched at Kobe. She is the third of the three hybrid type containerships built in succession for the ANRO service.*

*The ANRO Asia, just like her sister ships ANRO Australia and ANRO Temasek, has a container capacity of 900 TEUs including 150 reefer boxes. The vessels have been equipped with a stern ramp to enable roll-on/roll-off loading of unitized cargoes, timber packs, heavy trailers etc.*

*The ANRO Asia will enter the ANRO service in February 1978 and will ply between major ports in Australia and Southeast Asia at a service speed of 18 knots.*

The NEDLLOYD GROUP spans the world with regular shipping services to and from all continents. Their services include bulk carriers and tankers but also freight forwarding, road haulage, air charter and air freight, and servicing such diverse interests as the oil industry and tourism.
